**SCOURSTOP PANEL REQUIREMENTS:**  
 The contractor or subcontractor shall submit references of successful installations on at least three (3) projects installed within the last 3 years which was of similar size and complexity. If this experience criteria is not satisfied, then the transition mat manufacturer's representative shall provide on-site technical assistance at the beginning of the installation until the initial panels are installed and fully anchored. Contact an ASP representative at 636-343-4357 for assistance and questions regarding any certifications to be met.  
 The contractor shall be a Certified Installer of Transition Mats, such certification originating from the manufacturer. This certification shall individually include all managers and workers having on site involvement with transition mats.  
 The Contractor shall inspect for compliance with contract requirements and record the inspection of all operations including but not limited to the following, as applicable:  
 1. Manufacturer's installer checklist for each location.  
 2. Preparation of surface to receive transition mats.  
 3. Soil cover soundness and free of defects.  
 4. Anchor tethers.  
 5. Assembly of transition mats.  
 6. Placement of transition mats and soil cover on the prepared sub-grade.  
 7. Embedment of anchors and configuration confirmation.  
 8. Seed, fertilizer, any other amendments as required.
