The underground utilities shown herein were located from available information and do not necessarily reflect the actual existence, size, type, number, or location of these or other utilities. The general contractor shall be responsible for verifying the actual location of underground utilities in the field. Shown or not shown does not constitute an endorsement or approval of any improvements. These provisions shall in no way relieve any party from complying with the underground Facility Safety and Damage Prevention Act, Chapter 316, F.S.
